REPORT OF THE FOREST FIRE WARDEN

Forest Fire Prevention Pays Dividends

Most forest fires are preventable because someone is responsible for them. State records for 1950 show 94% of 632 fires resulted from human perverseness and carelessness. Refusal to secure the required warden permit before burning; failure to use good judgment, lack of equipment and assistance while burning; carelessness in smoking and poorly conditioned woods equipment (trucks, tractors, etc.) resulted in a total of 6090.6 burned acres with a loss of $63,949.10 in valuable property.

Fortunately, these human factors can be dealt with because people can be reached. This the local forest fire warden tries to do by informing his fellow citizens that EVERYONE MUST:

1. Secure a written permit to burn in or near woodlands when the ground is not covered with snow.
2. Use good judgment in burning and have enough equipment and assistance to keep fire under control at all times.
3. Be careful when smoking in or near woodlands and refrain from throwing lighted material from automobiles.
4. Make certain that all equipment used in the woods is in good condition.

His success depends entirely upon public reaction to his appeals. He does his part — the rest depends upon YOU and

YOUR compliance with burning requirements

YOUR care with YOUR fires and YOUR smoking and

YOUR care of motive equipment you use in the woods.

It all aids, materially, in reaching the desired goal, the

PREVENTION OF FOREST FIRES — because
PREVENTION PAYS DIVIDENDS

Number of local fires — 11
Number of acres burned — 7 5/6
Number of permits issued — 12

The State Board of Education has presented its revised State Aid Program to the members of the 1951 General Court (Legislature). Although the proposal provides for an increase of a million dollars in State Aid, Warner will get a little less than they will receive this year. In 1947-48 and 1948-49, Warner received almost $7,400 in State Aid. The new proposal provides only for equalization aid (aid according to need) while the 1947-49 law provided for both equalization and general aid. This decrease in State Aid has meant that the property owner has had to shoulder the burden.

Late last spring it looked as though prices were going to stabilize and that the teacher supply might be improved. Elementary teachers were still very scarce but there were more high school teachers in some fields. Some promising young men were shifting from high school education to elementary education.

Since the Korean situation things have changed considerably. Prices have increased and school supplies are becoming scarce. Most of the men graduates of high schools and colleges will be going into the armed services. Towns that have good teachers should make every effort to keep them. Teachers' salaries will have to be higher next year. Already many towns and cities have granted cost of living adjustments for this year and this town will probably be asked to make some adjustment on this year's salaries.

It would seem to me that the state would have to face its tax problem realistically. One hundred years ago the amount of property a man owned was probably a fair measure of a man's ability to pay taxes. With few exceptions, the man operating a store or a farm is paying very high taxes but I don't believe that he is the most able. It isn't up to me to suggest any other type of tax but I am convinced that the property holder is carrying far more of the tax burden than he should and he should get some relief from a broader tax base.

That is a problem for which the Legislature, sooner or later, will have to find a solution.

The High School is still running at about the peak of efficiency due to the fact that, although Sutton is sending less pupils to Warner, the increase of enrollment from the other towns has balanced this decrease. The third and fourth grade room is overcrowded this year and next year will have even more pupils. The reasonable solution is to separate the two grades.

It has been a very busy year but I enjoy working with the Warner people very much.
